PROFESSIONAL SUMMARY

UI/UX Designer with a B.Tech in Computer Science and hands-on experience designing responsive web and mobile interfaces in Figma. Skilled in user research, wireframing, prototyping, Auto Layout, design systems, and translating designs into responsive web interfaces using React.js and Next.js. Passionate about creating intuitive, accessible, and user-centered digital experiences.

CORE SKILLS

- **Design & Research:** User Research, User Flows, Wireframing, Prototyping, Auto Layout, Components & Variants, Design Systems, Responsive Design, Usability Testing
- **Tools & Platforms:** Figma, FigJam, Git, GitLab, Postman, VS Code
- **UI Engineering:** HTML5, CSS3, JavaScript, React.js, Next.js, Tailwind CSS, Bootstrap
- **Soft Skills:** Problem Solving, User Empathy, Team Collaboration, Analytical Thinking, Time Management

UX/UI PROJECTS

Cabin Crew Admin Dashboard & Mobile App | Behance | Figma

- Researched airline crew workflows to identify pain points and planned user flows, wireframes, and high-fidelity prototypes for web and mobile interfaces.
- Produced 25+ responsive web and mobile screens using reusable Auto Layout components in Figma.
- Established a design system with 15+ reusable components and variants to maintain design consistency and scalability.
- Crafted dashboard, crew scheduling, staff management, and profile management interfaces focused on usability and efficient navigation.

Zesto Food Delivery App | Behance | Figma

- Analyzed food delivery user journeys to identify usability opportunities.
- Delivered 18+ mobile screens covering menu browsing, product details, cart, checkout, and order tracking.
- Applied UX principles, visual hierarchy, and interactive prototyping to create an intuitive ordering experience.
- Standardized a consistent design language with reusable buttons, cards, navigation bars, and form components.

Drink Pie Beverage Ordering Website | Behance | Figma

- Designed responsive desktop and mobile layouts for beverage brand featuring engaging product showcases, intuitive navigation, and a cohesive visual identity.
- Created detailed layout specifications and a consistent design language adaptable across desktop and mobile breakpoints.
- Maintained consistent typography, color system, spacing, and visual hierarchy across all pages.

WORK EXPERIENCE

Frontend Developer & UI Designer | Noviindus Technology | Kozhikode May 2025 – Dec 2025

- Developed responsive web applications using React.js and Next.js from Figma designs, ensuring accurate implementation across devices.
- Collaborated with designers and developers to translate UI designs into responsive, production-ready interfaces.
- Contributed to UI improvements and maintaining consistent user interfaces across client projects.

MERN Stack Intern | Limenzy Technologies Pvt Ltd | Kozhikode Oct 2024 – Feb 2025

- Converted Figma designs into responsive React.js and Tailwind CSS interfaces.
- Worked on frontend development and integrated UI components with backend APIs using the MERN stack.

Frontend Developer Intern | Fluxion IT Solutions | Kozhikode Jul 2024 – Aug 2024

- Engineered responsive webpages and reusable UI components using HTML, CSS, JavaScript, and Bootstrap.
- Ensured cross-browser compatibility and responsive layouts across multiple screen sizes.

EDUCATION

B.Tech in Computer Science Engineering (CGPA: 7.11)
AWH Engineering College | APJ Abdul Kalam Technological University (KTU) 2020 – 2024
